SHAOUN CHANDRA SHILL

SOFTWARE QA ENGINEER | PLAYWRIGHT AUTOMATION | API TESTING

Location: Dhaka, Bangladesh Email: shaounchandrashill60@yahoo.com Phone: +8801680134030
Portfolio: shaoun18.github.io LinkedIn: linkedin.com/in/shaounchandrashill GitHub: /shaoun18

SUMMARY

Software QA Engineer candidate with nearly two years of combined software development experience in web applications, WordPress, and backend systems. Experienced in REST API validation using Postman, debugging, cross-browser compatibility, and performance optimization. Strong foundation in PHP, JavaScript, SQL, and web technologies, with an analytical approach to identifying defects, validating functionality, and improving software quality. Seeking to contribute to a QA team through structured testing, clear defect reporting, and continuous quality improvement.

CORE QA & TECHNICAL SKILLS

Testing: Playwright browser automation, functional testing, regression checks, UI validation, cross-browser testing, defect investigation
API & Data: Postman, REST APIs, HTTP requests/responses, JSON, MySQL, SQL fundamentals
Web Technologies: WordPress, PHP, JavaScript, Laravel, Vue.js, HTML, CSS, jQuery, AJAX
Tools & Practices: Git, VS Code, debugging, test documentation, responsive-layout checks, performance troubleshooting

WORK EXPERIENCE

- **Software QA Engineer** Dhaka, Bangladesh
  EchoaSoft Limited *Jan 2026 – present*
  - Performed manual functional, UI, usability, smoke, sanity, and regression testing to ensure web applications met quality standards and businesses requirements.
  - Tested WordPress websites built with Divi Theme and Divi Builder, validating page layouts, modules, responsive design, and WordPress admin workflows.
  - Designed and executed test cases and test scenarios, documented defects, tracked issues, and collaborated with developers to verify fixes.
  - Automated critical user workflows and regression test scenarios for WordPress and Divi-based websites using Playwright to improve testing efficiency and reliability.

- **Jr. WordPress Plugin Developer** Dhaka, Bangladesh
  bitBirds Solutions *Nov 2024 – Oct 2025*
  - Built and maintained client websites with custom WordPress plugins, ensuring cross-browser compatibility and responsive design.
  - Improved website security by configuring firewalls, managing SSL certificates, and monitoring for vulnerabilities.
  - Automated routine tasks (backups, updates, monitoring) to reduce manual maintenance and downtime.
  - Assisted in migrating websites from other CMS platforms to WordPress, ensuring data integrity and minimal downtime.

EDUCATION

- **M.Engg. in Computer Science and Engineering** Dhaka, Bangladesh
  BRAC University *May 2023 – Nov 2025*
  CGPA – 3.32 / 4.00

- **B.Sc. in Computer Science and Engineering** Dhaka, Bangladesh
  Stamford University Bangladesh *Jan 2018 – July 2022*
  CGPA – 3.57 / 4.00
  - Achieved a 3.8 average CGPA over the last 6 semesters, with a perfect 4.0 (1st place) in the 10th semester and 3.9 (2nd place) in the 11th semester.

LEADERSHIP & SOFT SKILLS

- Strong analytical and problem-solving skills with sound decision-making.
- Experienced in preparing technical and compliance documentation for audits and project tracking.
- Skilled in coordinating with teams, vendors, and clients to ensure accurate financial and project documentation.
- Leadership in organizing and supporting CSR initiatives, team events, and cross-functional communication.

QA & SOFTWARE PROJECT EXPERIENCE

- **Playwright Automation Testing — DiviMerc & DiviFlash Modules** Github Link
  - Created and executed browser automation checks for DiviMerc and DiviFlash modules to verify expected module behavior and user-facing workflows. Used Playwright to automate browser interactions and assertions, helping identify unexpected behavior and regression issues during testing.
  - **Technology:** Playwright | Browser Automation | Automated assertions

- **Reloadify Frontend Sync — WordPress Plugin** Live Link
  - Developed a WordPress plugin that refreshes the frontend after content changes, with tab synchronization and support for common page-builder workflows. Worked on behavior involving active tabs, reload modes, and compatibility edge cases; validated fixes to reduce unintended refresh behavior.
  - **Technology:** PHP | MySQL | Browsers API | JavaScript | jQuery | AJAX

- **CacheNova — WordPress Cache Plugin** Live Link
  - Developed a WordPress cache-management plugin focused on practical site maintenance and cache-related workflows. Tested plugin changes and addressed compatibility and reliability issues during development.
  - **Technology:** PHP | JavaScript | AJAX

CERTIFICATION

- Java SE 8 Programmer II | SOLOLEARN
- Networking and Cyber Security | SKILLJOBS
- Cleaning Data in Python | DATACAMP
- Feature Engineering for Machine Learning in Python | DATACAMP
- Machine Learning for Time Series Data in Python | DATACAMP
- Machine Learning with Tree-Based Models in Python | DATACAMP
- Unsupervised Learning in Python | DATACAMP
- Data Science and Machine Learning for Beginners | SKILLJOBS
- Data Analytics Introductory level using the power Bi and Tableau | BCET

PROFESSIONAL TRAINING

- **Full Stack Laravel & Vue.js Web Development**

  I have successfully finished the Laravel &Vue.js course from BITM. Learned the latest features of Laravel and Vue.js and built an e-commerce project.

  My teacher was Habibur Rahman Sir (Software Engineer and Trainer at BITM) to complete this course.

- **Mobile Application Development – Android**

  I have successfully finished the Java & Android course from PENCILBOX Training Institute. Learned the latest technology of Android and did an Android project from there.

  My teacher was Syed Tanvir Ahmed Sir (Software Engineer and Trainer at PENCILBOX) to complete this course.

EXTRA CO-CURRICULAR ACTIVITIES

- **Stamford Yes Member** Dhaka, Bangladesh

  Transparency International Bangladesh (TIB) *April 2018 – October 2020*

  - Actively engaged in initiatives promoting transparency and accountability, collaborating with teams to organize awareness programs and community-driven activities.
  - Contributed to leadership workshops and youth engagement programs, strengthening teamwork, communication, and organizational skills.
